No

### 4. Lawfulness and purpose of the processing

#### 4.1. Legal basis

The processing operation of the EEA intranet log is necessary for the performance and the support of the numerous tasks carried out by the EEA as mandated by Regulation (EC) No 401/2009, and in particular Article 2 thereof; implementing Regulation (EC) No 401/2009 calls for a modern and efficient communication infrastructure including equivalent office automation technology.

Furthermore, the European Code of good administrative behaviour, applicable to EEA pursuant to a Decision of its Management Board adopted on 22.6.2004, calls on the institutions, bodies and agencies of the European Union to have the support of an open, efficient and independent administration in carrying out their missions.

# 4.2: Grounds for lawfulness

The data processing is considered lawful because it is necessary for the performance of a task carried out in the public interest on the basis of Regulation (EC) No 401/2009 or in the legitimate exercise of official authority vested in the EEA (Article 5(a) of Regulation (EC) No 45/2001).

#### 4.3. Purpose of the processing

Log files of various types are generated and sometimes consulted for production, optimisation and error correction purposes.

| 5. Fea | atures of the processing operation  |  |
|--------|---|--|
| 5.1. C | ategories of data subjects concerned  |  |
| All EE | A staff members and contracted consultants  |  |
| 5.2. C | ategories of data   |  |
| 5.2.1  | Data processed in the context of internal telecommunications networks   |  |
|        | Traffic data  |  |
|        | Billing data  |  |
|        | Directories   |  |
|        | Others  |  |
| 5.2.2. | Other categories of data  |  |
| ×      | Access information to various files and intranet systems, including date and time, IP number, username, browser type, pages accessed and actions taken. |  |
