

**Reference:** Call for proposals OCP/EEA/ACC/18/003-ETC/ICM

**Subject:** Request for clarification of the terms of reference

**Question**

We think that there is a copy and paste error in the Terms of Reference of European Topic Centre on Inland, Coastal and Marine waters - OCP/EEA/NSS/18/002-ETC/ICM regarding the award criteria. Text from ETC/ULS has wrongly been copied into the text of the award criteria on page 21. Else, the award criteria are unchanged from the Terms of Reference of the previous call in 2013. We therefore think that this is an error which might cause failure of the competition if not being corrected.

**EEA's reply**

Thanks for bringing this typo to our attention. Please refer to the corrigendum to the terms of reference published on the EEA website, which includes the correct references.
