Clarification No 2 for open call for tenders:

Framework contract(s) for economic support (8 lots)

Reference number: EEA/IEA/09/002

Question 1:

Are there any standard financing agreements (e.g. in percentage terms what will be paid as a pre-financing payment, the interim payment and the final payment (payment of the balance)) or will this be based on a project by project basis?

Answer 1:

Please refer to the contractual conditions (as set out in the draft framework service contract and the draft specific contract) that form part of the tender documents.
