

Known Problems in AirBase v6

David Simoens, EEA, February 2012

- A total of eleven stations are obviously wrongly located. The list of stations is as followed:

station_european_code	station_longitude_deg	station_latitude_deg
AL0004A	19.08139000	41.11083000
DK0055A	13.16333300	57.12361100
DK0041A	12.31111100	56.79444400
IT0181A	12.56694000	44.52778000
IT2030A	37.05972200	14.26500000
IT2031A	39.08166700	17.11416700
IT0177A	13.54000000	45.58333000
NL00312	4.08000000	52.04000000
PT01052	-9.53000000	42.35000000
PT01040	-9.27277800	42.50000000
PT01033	-9.71222200	41.64444400

Additional information: Albania intends to carry out a detailed review of all reported air quality measurement data and metadata, which may lead to a major revision of their information in a future version of AirBase.
