

Lóránd-Árpád FÜLÖP

Lóránd-Árpád FÜLÖP is **Secretary of State** at the **Ministry of Environment, Waters and Forests** from Romania. He is coordinating the department responsible for all the reforms and investments managed by the Ministry of Environment, Waters and Forests through the Recovery and Resilience plan for Romania.

After being the HEAD of EPA in Romania in 2022, and organizing the 38th EPA Network Plenary Meeting in Bucharest, he was appointed as Secretary of State at the Ministry of Environment, Waters and Forests in December 2022.

Having a background on the field of IT, later on in the domain of communication and public relations, he is focused on transparency, clear procedures, and a well-organized, proactive approach towards problems. Before joining the governmental responsibilities in the beginning of 2021, he was working in the private sector, gaining more than 20 years of experience in web development and the management of web-based projects, on several large-scale websites for Fortune 500 companies.
