...the EU agency in Copenhagen

Do you want to make a difference in Europe, help protect nature for future generations, and build a career around your convictions? If you are looking for a fulfilling career within the EU, we invite you to check out our job opportunities to find a match that fits your interests, values and profile.

Who are we?

The European Environment Agency (EEA) is an agency of the European Union, which provides valuable insights on the state of Europe's environment. Thanks to reliable data collected from our extensive network, we actively support Europe's environment and climate policies.

Our workplace

The EEA is a dynamic and engaging workplace in the heart of Copenhagen, empowering our employees to thrive and ensuring that their well-being is supported.
